FREE ADMISSION (love offering)

*Women of enCOURAGEment will bring stories of courage and inspiration that will challenge and encourage us spiritually and relationally.*

**Saturday, August 12, 2017**  
**Speaker: Shari Spinler**

"And they overcame him by the blood of the Lamb and the word of their testimony..." (Rev. 12:11)

As I sat with Shari over breakfast one morning and heard her testimony, I can only say that she is an overcomer, and a living miracle of the transformative power of the amazing God that we serve.

Her testimony is about healing through Jesus Christ from abuse, homosexuality, and abortion. Shari was in bondage to alcohol, marijuana and sexual addiction but clearly heard the voice of God tell her she didn't have to be gay.

Free in Christ for over 26 years, she is presently working on her memoir entitled, Born Straight: My Journey Toward Wholeness.

Shari has her BA in English from Empire State College and lives with her husband, Merle, their son, Skyler and two cats named Barney and Sissy.

COME and HEAR this "courageous" woman!
