"My Promised Land!" This is how Nilsa describes Jamestown. You heard it right--Jamestown!!

Enslaved to drugs and alcohol, Nilsa moved from Buffalo to Jamestown to find a new way of life. Come hear this amazing story by an amazing woman who was touched by the hand of God and delivered from addiction her 2nd day in Jamestown.

Hear about the people that touched her and mentored her. They were all used mightily of God to transform this bruised reed and this flickering light. Nilsa is a true heart with a powerful message of hope. If you don't already know Nilsa you will know her and love her as so many do....
